Literacy

1. Write a short play, you could change a well-known story/chapter from a well-known story into a play.
2. Do some research on a topic of your choice and produce an information text (like the one you did recently on Ancient Egypt)
3. I have listed below High Frequency Words from Letters and Sounds. It would be useful if you could check you know these.

Numeracy

Practise some of your maths skills on the skillswise website, <http://www.bbc.co.uk/skillswise/> it also has some good Literacy games to play.

Science

Solids, Liquids and Gases

http://www.bbc.co.uk/schools/scienceclips/ages/8_9/solid_liquids.shtml

The children could list the solids and liquids found in the home and record them in a method of their choosing e.g. description or drawing. The snow and ice also provide you with the opportunity to discuss the changing state of materials.
