4 January Inset Day 3 (school closed)  
5 January Term 3 starts

### **INSET Days this academic year**

Thursday 2 September 2021  
Monday 1 November 2021  
Tuesday 4 January 2022  
Friday 29 April 2022  
Monday 4 July 2022

There has been a real buzz in school this week with Australia and Africa classes going on their school trips – the first trips we have been able to have for a very long time! It really was wonderful seeing the children so excited and to return from their trip out buzzing about all they had learnt during the day.

FOMS held their AGM last night – they really did such an incredible job last year under such difficult circumstances and still managed to raise a huge amount for the school – thank you so much to everyone who supported them throughout the year. I know they have lots of events planned for this year, starting with the school disco next week. They are always looking for extra members – please do get in touch with them if you would like to join them.

Staff are looking forward to meeting with parents and carers next week for parent consultations – if you haven't yet booked an appointment time teachers will be in touch to arrange a mutually convenient time. If you have requested a virtual meeting the link will be sent out early next week.

Have a great weekend

Mrs Flanagan

### **School Disco**

FOMS organised disco in the hall on Thursday 21 October. KS1 4.45 – 5.45 and KS2 6.00 – 7.00. Entry £3.50 which includes a drink and snack. Wristbands available to purchase from the office.

### **Clubs next week**

As we are holding parents evenings next week there will be NO TEACHER LED CLUBS – Mr Wiltshire will still run football and netball club and Mr Scanlon will lead KS1 multi-sports on Friday, but there will be no other clubs.

### Australia Class

Well done Year 1 another spectacular week! We went on an adventure on Wednesday to Berkeley Castle. The children blew me away with how respectful they were and how much they knew about castles. They were truly shining like stars in the sky. Thank you to everyone who has already brought in boxes for our castle building next week - it is greatly appreciated. Please keep them coming next week as all children will need at least one box. I am looking forward to discussing your child's progress with you next week for parents' evenings. Thank you again for all of your help and support. One more week left until half term, let's make it a great one!

### Antarctica Class

Reception pupils have been exploring Google Earth this week and have been looking at our school and where it is in relation to our homes. The children all had a challenge to learn the first line of their address and some of them knew it all! We pretended to walk the routes on the map and pop into our friend's house for tea. When we got to Miss Parker's house (our student teacher), we wanted to know if she sailed to school in a boat because she lives in Wales! Here are a few of our paintings of our homes.

### Europe Class

Year 3 have been bending and stretching in PE this week. All term we have been focussing on gymnastics and developing their skills to be able to arch, stretch and curl our bodies. In science, we have been exploring the muscular and skeletal system in the human body. We found out how important they are and what they do. We have also started fractions in maths, looking at  $\frac{1}{2}$ ,  $\frac{1}{4}$  and  $\frac{3}{4}$  and moving onto  $\frac{1}{10}$ ths.

### **North America Class**

In Year Five this week, we have been developing our scientific understanding of electricity and creating electrical circuits using a variety of components. We then explored which objects in the classroom were conductors and which were insulators - there were a few surprises!

We finished our independent write this week and everyone produced a fantastic story about our time traveller, ending on some dramatic cliff-hangers.

In Maths, we have been focusing on finding multiples and factors this week and realised that this is a lot easier to do when we know our times table facts well.

### **South America Class**

What a week! In English, we have started to write the story based on a short animation called 'Road's End' with a focus on choosing words for effect and building an atmosphere so the reader feels as we want them to. In maths, we have been multiplying decimal numbers to 2 decimal places by 1 and 2 digit numbers and have now moved on to a formal method of recording, taking our learning on from using the grid method. In topic, we have focussed on science. Our science unit has been about electricity so we have thought about how electricity is produced and its many uses. We have discussed how there are different sources, including fossil fuels and renewable energy and the impact on the environment. We have learnt about insulators and conductors and the importance of both before moving on to creating our own circuits in groups.

### **Asia Class**

This week, Year 4 have been using their working scientifically skills to understand the role our skeleton and muscles play. They used amazing Amethyst power to work in small groups to create life size skeleton diagrams and label just a select few of the bones in our body. Our fun fact of the week was learning that an adult has 206 bones in their body! How many do you think you could name?

### Africa Class

Another fabulous week in Year 2! On Monday, we performed our Lion King dance to the school that we have been working on for P.E. On Tuesday, in preparation for our castle trip, we worked in teams to build our own castles using natural resources we found outside. Some of us even added labels of each part of the castle! On Wednesday, we went on our amazing school trip to Berkeley Castle. We learnt SO much- even how to dance like a rich Tudor! We were fascinated by the dungeon in the castle- some of us were brave and had a look over...

Next week, we are building castles out of cardboard. Please bring in any cardboard you have lying around your house (toilet rolls, cereal boxes etc), preferably on Monday. Please remember to read with your child at least 5x every week and bring in reading records every day.

# Frampton Cotterell and Coalpit Heath Village Diary Oct 2021

**Tue 12th - Mothers Union, St Saviours 2pm.** A variety of speakers. Tel. Mary Head 887870  
[mary.head@blueyonder.co.uk](mailto:mary.head@blueyonder.co.uk)
