

# Home Learning

## Year 1 Term 6 Week 6

Hello Australia class. This week the theme is ‘**Around the World**’. I have added activities that link to our theme. The activities will be the ones we will be covering in school (or a variation of) and you can pick activities within the theme that the whole class will be looking at, whether that be in school or at home.

As always, have a look at the recommendations as a family and pick which ones work best for you. Don’t forget there are still 2do’s on Purple Mash and activities on Spelling Shed and Numbots/TT Rock Stars.

### English

This week you could focus on the theme of ‘Around the World’. Here are a few ideas of writing projects you could complete.

Ask your child to create a leaflet about a place in the world they would like to visit/have visited. Include the weather, landmarks and cuisine.

Draw a picture of 10 different pieces of fruit or vegetables from around the world and label them using adjectives e.g. fresh, juicy pineapple.

Your child could write a set of instructions for a meal they would love to share with family and friends. They can use illustrations too.

Your child could write a letter to a friend or a family member who lives in a different part of the world - describe where they live and describe school. Think of questions to ask about where they live and about their school.

Visit the Literacy Shed for this wonderful resource on [The Black Hat](#) or your child could write their own version of [When I Coloured in the World](#).

BBC Bitesize post daily activities for English which you may also find useful. <https://www.bbc.co.uk/bitesize/tags/zjpqqp3/year-1-and-p2-lessons/1>

### Reading

Here are some ‘Around the World’ reading ideas.

Ask your child to look through their books and identify any places from around the world by looking at the illustrations. They could also look through a magazine or newspaper and find the names of different countries.

Follow the story [Here We Are](#) with your child. What makes our world so special? Using the story, your child can make a list.

Help your child to look through cookery books for a recipe originating from another country. Ask them to use decoding skills to read some of the ingredients. Why not make it if you have the ingredients!

Use an atlas or a map and locate countries that make up the UK. Your child can then locate a contrasting country such as Brazil or Kenya. What is different? What is the same?

Follow the story [When I Coloured in the World](#). What would your child change about the world? Task them with drawing a picture of their ideal world.

If you would like more books to explore, head on over to <https://www.oxfordowl.co.uk/for-home/find-a-book/library-page> to find their free e-book library.

## Maths

Here are some additional Maths ideas.

Get your child to have a go at the online <a href="#">game</a> for subtraction facts up to 20.
Give your child a number between 1 and 50 and ask them to list how many ways they could make the number using subtraction. Try 20 if this is too hard.
Get your child to write a subtraction number bond to or within 10 - e.g. $9 - 4 = 5$ or $7 - 2 = 5$ . Can they use these facts to find out the subtraction facts up to 100? E.g. $90 - 40 = 50$ and $70 - 20 = 50$ .
Look at flags from around the world either in books or on the <a href="#">internet</a> . Ask your child to list any shapes they see and name the properties of the shapes they find. Ask your child how many lines of symmetry the flag has.
Encourage your child to practise different ways to subtract by playing these different <a href="#">activities</a> .

BBC Bitesize post daily activities for Maths which you may also find useful. <https://www.bbc.co.uk/bitesize/tags/zjpqqp3/year-1-and-p2-lessons/1>

## Phonics

Following the theme of 'Around the World', here are some additional phonics ideas.

The word ' <b>around</b> ' contains the sound ' <b>ou</b> '. Ask your child to list as many words as they can containing the ' <b>ou</b> ' sound. Your child might identify words that contain an alternative spelling for ' <b>ou</b> ' such as <b>ow</b> .
Practise spelling days of the week using different materials in the house. Can they find materials to match the colours of the UK flag?
' <b>Where</b> ', ' <b>would</b> ', ' <b>people</b> ', ' <b>clothes</b> ' and ' <b>water</b> ' are some of the words that children in KS1 need to be able to spell. Can your child use these to write sentences about a contrasting country?
Can your child list places from around the world using the alphabet? Can they add an adjective before each place that starts with the same letter?
Recognise vowel and consonant digraphs and blending by playing <a href="#">this</a> game or add suffixes playing <a href="#">this game</a> .

Head on over to this YouTube channel for some phonics lessons.

## Topic

During this week it would be wonderful if the children could engage in some learning opportunities to learn more about our world. Here are a few ideas of what you could do.

**Flags-** Look at [flags from around the world](#) with your child. Discuss which are your child's favourites and why? Ask your child to recreate their favourite; this could be through drawing, collaging etc. Can they place the flag on a map? There are some quizzes that your child can have a go at [here](#). Can they create their own quiz about the UK?

**Dance Around the World-** Watch the following dances: [Diwali Stick Dance](#), [Maypole Dancing](#) and [Spanish Flamenco Dancing](#). Encourage your child to have a go at some of the moves used in these videos. Record the dances and ask your child to evaluate what they did well and what they could do even better when watching them back. Can your child recreate one of the costumes using items from their wardrobe? Perform the dance to a family member.

**Food Tasting Fun-** Find some different fruits from around the world. This could include: mangos, kiwis, pineapples, bananas. Encourage your child to try them and have a discussion about which ones they liked and which ones they did not like. Cut the fruits open and task your child with sketching the inside of each fruit. Remind them to look closely at the patterns and shapes.

**Where in the World? - Have a discussion with your child about your own family heritage. Discuss with them your**

traditions and where your family originates from. This may be where you live now or it could be somewhere completely different. Ask your child to create a poster or PowerPoint all about their own family. Can they include a map identifying the country they're from?

**Speak the Language-** There are lots of different ways to say hello around the world. Learn how to say hello in Spanish, French, Mandarin, German, Arabic and Italian with your child using [Google Translate](#). Practise writing hello using the colours of the flag for each country.

### **Engineering Around the World - World's Largest Steel Structure**

- The Bird's Nest is the world's largest steel structure and was built in China for the 2008 Olympic Games. It is made out of 26 miles of steel.

Use strips of paper, card or wool to create your own bird nest style building. You might like to search for photos of the 'Birds nest' to help you with your design.
